QUINCY

COMPILED BY H. A. MANNING COMPANY WITH THE ASSISTANCE OF QUINCY CHAMBER OF COMMERCE.

The publishers of this Directory consider it advisable and desirable to set forth the following paragraphs, in as simple and attractive a manner as possible, to enable the readers of these descriptive pages to comprehend as many of the outstanding features of Quincy as limited space permits. The local resident, the visitor, and the distant reader about Quincy, wishes to gain an impression of Quincy as well as to have at hand a statistical reference regarding the city and its people. It is the publisher's aim to portray as much of Quincy's charm and greatness as is consistent with facts. We believe with John Cotton Dana, the great librarian, that "Good citizenship springs from a knowledge about one's own community." The teachings of the City Map and the City Directory about localities, districts, street locations, street changes, growth of sections and general city changes are of great importance to property owners, old resident, new residents and school children. Racial characteristics of names in the Directory enable the consultant to gain a very comprehensive knowledge of the inhabitants of the city and many other educational facts. Notable men all through history have contributed their philosophy as to the value of knowledge about the home town. Here is one from Abraham Lincoln: "I like to see a man proud of the place in which he lives. I like to see a man live so that his place will be proud of him." In studying the following remember that the Quincy City Directory disseminates this information far and wide where this Directory represents Quincy in the Free Directory Library Exchange System of North America. The Quincy City Directory, with nearly 700 closely printed pages, is the City of Quincy in book-form; its family and social life, business and industrial life, is portrayed in great detail. The publishers invite and accept constructive criticism and suggestions for the improvement of the Directory for the benefit of Quincy and all interested.

City Seal

LOCATION—Quincy lies on Quincy Bay, which is off the larger Massachusetts Bay, forming the excellent harbor that has had so much to do with the shipping importance of New England. Quincy is strategically situated for residence and business, only seven miles from the heart of Boston, with which it is closely connected by business and social ties. Distances from Quincy are, New Bedford 47 miles, Providence 43, Worcester 43, Lowell 33, Concord, N. H., 96, Portland 118, Bangor 268, Springfield 105, Albany 186, Schenectady 205, Hartford 115, New York 223, Greenfield 105, Elmira 391, Atlantic City 359, Buffalo 506, Philadelphia 318, Rochester 409, Burlington 223, White Mts. 187, Washington 454. Gateway to Cape Cod.

HISTORICAL—Quincy was settled as a trading post in 1625 by Capt. Wollaston. In 1640 it became a part of the Colony of Massachusetts. It was originally a part of the township of Braintree from which it was set off in 1792 and made a town, to which the name of Quincy was given. In 1888 it was incorporated as a city with Charles H. Porter as the first Mayor. Quincy is exceptionally noted as the birthplace of two presidents of the United States; also other distinguished persons. The birthplace home-
stead of John Adams, second president, was built in 1681, and restored in 1897 by Adams Chapter of D.A. R., and is located on Franklin Street. Birthplace of John Quincy Adams, sixth president, was built in 1716 and restored in 1896 by Quincy Historical Society and is located on Franklin Street. Birthplace of John Hancock, Adams Street where a bronze tablet marks the spot where the house stood in which this patriot was born. Abigail Adams Cairn, Penn's Hill off Franklin Street, marks the spot from which Abigail Adams and her son John Quincy Adams watched the smoke of the Battle of Bunker Hill. Burial places of John Adams and John Quincy Adams and their wives are under the Stone Temple of the First Congregational Church at

Birth Places John Quincy Adams and John Adams

Quincy Centre. In the Auditorium are mural monuments to the memory of the Presidents. President Adams mansion is located on Adams street corner of Newport avenue, and is still occupied by the Adams family. Dorothy Q House, on Hancock Street corner of Butler Road,

Abigail Adams Cairn

is the old Quincy homestead where Dorothy Quincy was born; the parlor has old paper put on for the wedding of Dorothy Quincy and John Hancock; this property is owned by Massachusetts Society of Colonial Dames. The Myles Standish Cairn is in Squantum district and marks the site of the landing of Myles Standish, Sept. 30, 1621. The old Hancock Cemetery located on Hancock St., opp First Congregational Church, is the cemetery where lie buried many of the first settlers of Quincy, including Rev. John Hancock, father of the patriot. The site of the first railroad in the United States is at West Quincy, built in 1826 to convey stone for Bunker Hill Monument from quarries to tide water on Neponset River. The foregoing historic points are all open to the public

TOPOGRAPHY—Quincy has an unusually beautiful and interesting topography. The altitude varies from sea level to 480 feet in sloping terrain. The average altitude in the business and residential sections is 25 feet in the lowlands. The Blue Hills Reservation is partly in Quincy and constitutes a delightful variation from the low land of the sea shore. It is probable that the topography of Quincy surpasses in beauty and variety that of any other city in Massachusetts, combining sea, headlands, shore and hills. The residential districts extend into the highlands from which views of the lower parts of the city and the bay may be had. Much of Quincy's charm for residences is its highland home sections. From the Blue Hills it is possible to see much of Boston and the Metropolitan area. Quincy has the attractiveness of the "South Shore" which leads to incomparable Cape Cod. Area 16.77 square miles.

POPULATION—Quincy is the fastest growing city in Massachusetts. It has grown from 47,876 in 1920 to 71,983 in 1930. 1940 Federal Census, 75,810. Estimate by the publishers of this Directory is 81,000. There were in 1930 22,019 white males and 23,498 white females. Colored population was 34. Total males 34,439, females 36,544. American born 75 per cent. Predominating nationalities are Canadian, Italian, Scotch, English, Swedish, Irish and Finnish descent. In 1941 there were 36,969 registered voters. Quincy is destined to reach a population of 100,000 in a few years. It is a desirable place of residence and for business. Within 25 miles of the city hall there is a population of over 3,000,000. Number of homes and apartments is approximately 21,017.

FINANCIAL—There are 1 savings bank, 3 commercial banks, 2 cooperative banks, 1 federal savings and loan Co. with combined assets of \$83,152,027.26. The bonded debt of the city is \$3,895,000. The assessed valuation of all property is \$126,493,825. Tax rate \$31.00. Postal receipts year ending Dec. 31, 1941, \$336,759.88. Annual building permits issued in 1941 1531 representing a value of \$3,545,497.00.

TRANSPORTATION—Quincy is served by the New York, New Haven & Hartford Railroad, connecting only 8 miles distant with the Boston & Albany Division of the New York Central lines, and all divisions of the Boston & Maine system. The Dennison Airport which is the oldest airport in the United States has been taken over by the Squantum Naval Air Base and combined with that field to make one of the largest naval air bases along the eastern seaboard. Local trolley and bus lines serve all parts of the city and connect with adjacent cities and towns. Motor truck freight service is extensive. Highways 3, 135, 3A, 37 lead to the city and are high class construction. Quincy has a harbor for large and small shipping, and at Fore River has one of the large dry docks of the country. Quincy occupies an important position from a water transportation standpoint. Town River has a channel which offers 24 feet of water at low tide and about 33 feet at high tide, and will accommodate almost any size coastwise vessels. It is expected that several boat building companies on the

Office Building

river will be benefited by this water advantage and opens up a future of Quincy as a port for coast wise water transportation. The Naval Air Base located at Squantum is rapidly being developed by the US Navy into one of the largest and finest air bases in the country.

MERCANTILE—The city is the center of an extensive retail trade with a population of over 300,000 within a 60 mile radius. There are 921 retail establishments and 50 wholesale serving a vast population of 7,000,000 within 150 miles. Quincy has about 3 miles of store frontage, with large department stores and many specialty shops. There are over 500 professional offices. In addition to its resident population, the summer resorts of Quincy bring thousands of seasonal residents each year. The combination of possibilities for employment, educational and recreational opportunities, delightful places of residence, make Quincy attractive as a place to live and trade.

EDUCATIONAL—The public school system is in the first rank among the cities of the state. There are 25 schools including 2 senior high, 4 junior high, 19 grammar, 1 trade. There are 12,078 pupils and 465 teachers. There are also 3 parochial schools with 1,119 pupils and 30 teachers. Value of public school property \$6,165,000, and parochial school property \$949,200. The Eastern Nazarene College is located here and has property valued at \$201,100. There are 14 private schools instructing in varied subjects. The public library has an extensive service with main building and 12 branches and hospital service which house over 122,000 volumes and has annual circulation of more than 650,000 books loaned and has 23,711 borrowers. The Directory Library is maintained by H. A. Manning Company at the Chamber of Commerce rooms and contains directories of other cities and towns in Northwestern United States, and is free for single references.

Adams Academy

manufacture. The relations between employer and employee are extremely cordial, and strikes are of very rare occurrence. A supply of highly skilled workmen is one of Quincy's greatest assets. The fine quality granite deposits are a great industrial asset. A strong Chamber of Commerce encourages new industries.

The Churches

WITH A GRAND TOTAL OF FORTY-FIVE CHURCHES, representing all of the leading denominations, Quincy could properly be called a

City of Churches

These noble edifices placed at intervals about the city add much to its attractiveness and charm.

It is the belief of many Quincians of vision that this full and adequate supply of churches is one of the greatest of the many resources of the city.

That for newcomers it is a factor that makes for the ready assimilation into the religious and social life of the community and hastens the time required to make citizens of the strangers who come to us.

The Church of today is the greatest of all institutions for the planting of good thoughts in the minds of the people and stands as the bulwark against the degrading influences that surround us.

Therefore, let us give a thought to these institutions that form so great a part of our city life and in visualizing our future greatness, let us remember their value as

QUINCY HISTORICAL SOCIETY

The Quincy Historical Society was incorporated in 1893. Its first president was Charles Francis Adams Jr. In its care is the cottage to which John Adams, who later became the second president of the United States, brought his wife Abigail Smith. Here was born their son John Quincy Adams in 1767 who became the sixth president. This cottage was their home till after the Revolution. Beneath its shelter, Abigail Adams wrote those notable letters to her husband who at that time was in England on diplomatic service for our country.

John Quincy Adams in a speech delivered in 1843 said: "In the year 1775 the minute men from a hundred towns were marching to the scene of war. Many of them called at my father's house at Quincy and received hospitality. They were lodged in the house and barns wherever they could find a place. There were then in my father's kitchen

some dozen or two pewter spoons and I well recollect going into the kitchen and seeing some of the men engaged in running those spoons into bullets for the use of the troops. The Historical Society holds its monthly meetings in their rooms at Adams Academy where there is also a library containing books on history and genealogical records, available to anyone making an appointment with the librarian. By this society old landmarks are treasured with their quaint and interesting history and legends and manuscripts are carefully guarded. It is the sacred duty of the Quincy Historical Society to preserve Quincy's past for Quincy's future.

- In 1924 the Lincoln stores started with their first store, located in Quincy, it was founded on the Theory that dept. store mdse could be sold on a cash and carry chain store basis for less money, today a chain of Lincoln stores throughout the east proves the success of that idea.

- It's little wonder then, that when south shore housewives think of curtains, hosiery, underwear, domestics, spreads, housewares, etc. they think of Lincoln's first, because, as always it costs you less at Lincolns

When You Place Your Ad in the City Directory

You are not only talking to all persons looking for goods in your line, but you are backing up all the other advertising you are doing or have done. Many times every day people are looking you up in the directory who have seen your advertisement elsewhere. The representation in the directory is your closing argument—should it be WEAK? We believe there is only one business answer to this.

INDUSTRIAL QUINCY

Quincy's industrial greatness cannot be denied. In every corner of the globe may be found Quincy-made products, and in many cases these goods have been transported to these far-away places in Quincy-made ships. Quincy is one of the fastest growing cities in New England and in the post-war period Quincy hopes to maintain an even quicker pace.

QUINCY IS MODERN

Quincy can boast of the most modern of factories with the most modern of equipment. In recent years several nationally-known firms have located within its boundaries because they found upon investigation that Quincy offered every convenience for their success.

INDUSTRIAL STATISTICS

STATE LABOR BOARD

Latest figures available—1944 census incomplete

Number of Establishments	111
Value Stock and Materials used	\$ 106,038,657
Amount of Wages paid in year	\$ 98,040,566
Average number of wage earners employed	27,854
Value of Products	\$ 239,960,629

(from the 1944 census)

LABOR IS THE BEST

Quincy has the best labor market in the Commonwealth of Massachusetts. There is an unlimited source of skilled labor, while unskilled workers have proven themselves during the years as being extra efficient. Conditions between labor and management have always been extremely good.

TRANSPORTATION FACILITIES

Quincy is located on three main highways, is served by 30 or more trains a day each way between Boston, eight miles distant, and various South Shore points and has bus and trolley service unsurpassed. Harbor facilities are excellent, and are being improved each year. The harbor is within three minutes of a large and prosperous business district. Efficient truck and freight service is available.

PRODUCTS PRODUCED

Quincy is, of course, known internationally as a ship-building city. But there are many more internationally known products manufactured in Quincy such as granite, machinery parts, packaging machinery, gears, rubber goods, amplifying and telephone equipment, marine engines, portable buildings, paints, tools, chemicals, boilers, floor machines, conveyors, underwear, scales, scientific instruments, soap, ventilators, rivets and studs, packing and labeling machinery, etc.

STRATEGIC LOCATION

Because of its strategic location Quincy is looked upon by manufacturers as an ideal place in which to locate and in which to do business. REMEMBER THE SALVATION ARMY IN YOUR WILL

FOR over sixty years The Salvation Army has demonstrated its unique effectiveness in dealing with problems of distress and maladjustment among all types of persons through its highly organized network of spiritual, social service, and character-building activities. Universal endorsement has been given it by governments, churches, welfare agencies, and other groups.

The organization, however, is not endowed. Its support comes from the voluntary contributions of the public.

The Salvation Army is legally competent to accept bequests and earnestly seeks such gifts for either general or specific purposes, or for the establishment of suitable memorials.

Any information or advice will be gladly furnished upon application, direct or through legal advisers, to:

THE BEST ADVERTISING MEDIUM IS THE

CITY DIRECTORY

Because It Is Used The Most To Find Just Such Information You Most Wish To Have The Public Know

FIRST—What line of goods you handle. SECOND—where you are located. Pick up a City Directory anywhere, and almost invariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, groceries, etc. and some prefer one kind, some another. What better place to state your special brands than in the City Directory?

Bill of Rights

(In force December 15, 1791)

ARTICLE I.

(RELIGIOUS ESTABLISHMENT PROHIBITED, FREEDOM OF SPEECH, OF THE PRESS, AND RIGHT TO PETITION.)

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech or of the press; or the right of the people peaceably to assemble and to petition the Government for a redress of grievances.

ARTICLE II.

(RIGHT TO KEEP AND BEAR ARMS.)

A well-regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed.

ARTICLE III.

(NO SOLDIER TO BE QUARTERED IN ANY HOUSE, UNLESS, ETC.)

No soldier shall, in time of peace, be quartered in any house without the consent of the owner, nor in time of war but in a manner to be prescribed by law.

ARTICLE IV.

(RIGHT OF SEARCH AND SEIZURE REGULATED.)

The right of the people to be secure in their persons, houses, papers, and effects against unreasonable searches and seizures, shall not be violated, and no warrants shall issue but upon probable cause, supported by oath or affirmation, and particularly describing the place to be searched, and the persons or things to be seized.

ARTICLE V.

(PROVISIONS CONCERNING PROSECUTION, TRIAL AND PUNISHMENT—PRIVATE PROPERTY NOT TO BE TAKEN FOR PUBLIC USE WITHOUT COMPENSATION.)

No person shall be held to answer for a capital or other infamous crime unless on a presentment or indictment of a Grand Jury, except in cases arising in the land or naval forces, or in the militia, when in actual service, in time of war or public danger; nor shall any person be subject for the same offense to be twice put in jeopardy of life or limb; nor shall be compelled in any criminal case to be a witness against himself, nor be deprived of life, liberty, or property, without due process of law; nor shall private property be taken for public use without just compensation.

ARTICLE VI.

(RIGHT TO SPEEDY TRIAL, WITNESSES, ETC.)

In all criminal prosecutions, the accused shall enjoy the right to a speedy and public trial, by an impartial jury of the state and district wherein the crime shall have been committed, which districts shall have been previously ascertained by law, and to be informed of the nature and cause of the accusation; to be confronted with the witnesses against him; to have compulsory process for obtaining witnesses in his favor, and to have the assistance of counsel for his defense.

ARTICLE VII.

(RIGHT OF TRIAL BY JURY.)

In suits at common law, where the value in controversy shall exceed twenty dollars, the right of trial by jury shall be preserved, and no fact tried by a jury shall be otherwise re-examined in any court of the United States than according to the rules of the common law.

ARTICLE VIII.

(EXCESSIVE BAIL OR FINES AND CRUEL PUNISHMENT PROHIBITED.)
Excessive bail shall not be required, nor excessive fines imposed, nor cruel and unusual punishments inflicted.

ARTICLE IX.

(RULE OF CONSTRUCTION OF CONSTITUTION.)

The enumeration in the Constitution of certain rights shall not be construed to deny or disparage others retained by the people.
